

Muhammad Zain Ali

Web Developer at Maqware Solution

IT Professional and as well as Web Developer with 3 years of experience in designing and developing user interfaces, testing, debugging, and training staff within E-Commerce technologies. Proven ability in optimizing web functionality that improve data retrieval and workflow efficiencies. I feel that my greatest strengths are firstly my strong commitment to providing a professional service to all colleagues with whom I work. Secondly my skill at developing and maintaining a close working relationship with every company client, something which in turn helps me to gain an in-depth understanding of their individual needs. Thirdly my real passion for Web Development or as a Manager as a whole, an obsession which allows me to spot trends and develop best practice processes. Managing Social Networks for different Clients According to your need. My Work in field is my identity.
